## Session Objectives

**Psychiatric Treatment Modalities: From the Past to the Future**

Bruce J. Cohen, MD, DFAPA

*At the completion of the lecture, participants will be able to:*

1. Understand the history of somatic (nonpharmacologic) therapies in psychiatric practice.
2. Have a greater appreciation of potential future somatic therapies and the rationale for research into these new somatic therapies.

**Advent of Medications: How It Revolutionized Our Industry**

Kenneth H. Brasfield, PharmD, BCPP

*At the completion of the lecture, participants will be able to:*

1. Appreciate what pharmacological interventions were available prior to 1950.
2. Understand the significance of the "dawn of modern psychopharmacology" in the 1950s.
3. Apply the advances made since the 1950s.
4. Understand the realistic limitations and expectations of our current medications.

**Intellectual Disability and Mental Illness**

Adam Kaul, MD, FAPA

*At the completion of the lecture, participants will be able to:*

1. Identify the common depictions of Developmental Disabilities in the media.
2. Understand the current descriptions of intellectual disabilities.
3. Understand the current DSM V diagnostic procedures for Developmental Disabilities, including Autism.
4. Understand the philosophical and clinical changes in treatments of individuals with Developmental Disabilities.

**Advances in Psychiatric Care: Translating a Legal Innovation into Clinical Practice**

Richard J. Bonnie, JD

*At the completion of the lecture, participants will be able to:*

1. Demonstrate knowledge of the main features of Virginia's Health Care Decisions Act to psychiatric care.
2. Understand the potential benefits of advance directives.
3. Identify key obstacles to implantation of this potentially valuable innovation.

**The Recovery Model**

Christopher P. Kogut, MD, MSW, FAPA

*At the completion of the lecture, participants will be able to:*

1. Identify components of the recovery model.
2. Appreciate examples from the film, Silver Linings Playbook.
3. Be able to apply concepts to their practice settings.

**Violence and the Mental Illness: Can Hannibal Lecter, MD Tell Us Anything?**

James S. Reinhard, MD, DFAPA

*At the completion of the lecture, participants will be able to:*

1. Identify current research findings on the association of violence and mental illness.
2. Describe risk factors involved with an increase in violence.
3. Understand characteristics associated with egregious types of violence such as serial killers and perpetrators of mass shootings.

**Neuromodulation Approaches in Clinical Practice**

Glenn Weiner, PhD, BCIA-EEG

*At the completion of the lecture, participants will be able to:*

1. Understand the rationale for using Quantitative EEG to guide treatment.
2. Understand the rationale and research supporting Neurofeedback.
3. Demonstrate an overview of entrainment, disentrainment and low energy stimulation approaches for working with psychiatric patients.

## Overall Objectives

The Psychiatric Society of Virginia's Spring Meeting in Richmond is entitled "Movies and the Mind: A Cinematic Approach to Hollywood's Perception of Mental Illness." This program will address stigmas related to the public's view of the mentally ill. It will concentrate on the media's portrayal of psychiatrists, mental health settings and those with mental illness. The program will help attendees better understand how to overcome this stigma and better inform the public of the benefits of seeking treatment for mental health issues.

## Target Audience

This program was developed for Virginia Psychiatrists to address current issues and hot topics in mental health.

## Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the American Psychiatric Association (APA) and PSV. The APA is accredited by the ACCME to provide continuing medical education for physicians.

## Designation

The American Psychiatric Association designates this live activity for a maximum of **5.5 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

## Evaluation Method

An evaluation form is provided to audience members for feedback and assessment of this activity.
